

Eye on 2022 polls, Nadda begins meetings with Union ministers

LIZ MATHEW
NEW DELHI, JUNE 26

BJP PRESIDENT J P Nadda Saturday began a series of interactions with Union ministers to streamline the coordination between the party and the government ahead of next year's set of Assembly elections.

Defence Minister Rajnath Singh, Home Minister Amit Shah and Finance Minister Nirmala Sitharaman were among those present at the party headquarters for the first such meeting Saturday. Sources said the meetings will be held to "discuss preparations for the party for the Assembly elections next year as well as to improve the implementation of the social welfare schemes of the government".

Saturday's meeting was also attended by Union ministers Narendra Singh Tomar, Dharmendra Pradhan, Smriti Irani, Piyush Goyal and Kiran Rijji.

It came less than a week after Prime Minister Narendra Modi held his latest round of meetings with senior ministers to assess the performance of key ministries.

The party on Saturday also named Bhabesh Kalita and Sharda Devi as presidents of its Assam and Manipur units, respectively.

Assembly elections in Uttar Pradesh, Uttarakhand, Punjab, Manipur and Goa are slated for early next year. The BJP is expected to be in a direct fight with the main opposition Congress in all these states — except Uttar Pradesh, where the BJP has launched a massive exercise to invigorate its cadre. Two other party-ruled states, Gujarat and Himachal Pradesh, will also go to polls by December 2022.

The BJP is in power in all these states except Punjab, and

has been holding a series of meetings of its senior leaders as it works to put up an impressive show in the next round of elections.

"The crisis and confusion during the second wave of the pandemic have forced the party to go back to the board to review our strategies. It sends a clear message that the party does not want to give in to the criticism, but would rather focus on improving the effectiveness of the party machinery and delivery mechanism," said a senior BJP leader.

The party and the government have already launched an aggressive damage control exercise after criticism over the handling of the second Covid-19 wave. The party has revived organisational activities in the state units—revamping the state executives, making fresh appointments and taking steps to set the narrative in its favour.

The ministers' meeting was followed by another session with BJP general secretaries. Prime Minister Modi has called yet another meeting of his Council of Ministers on June 30.

Nadda, who has been present at most of the "freewheeling" review meetings held by the Prime Minister with his senior ministers in the last few weeks, has to pass on the takeaways and discuss how to implement them with the organisation, sources said.

The meetings also saw discussions on the anger among workers over "some issues" during the second wave. It was felt that they need to be placated as well since some of them were affected by the pandemic, sources said.

"Bettering the implementation of the welfare schemes and its delivery mechanism is a way to assuage the criticism against the government," said the senior party leader quoted above.

WESTERN RAILWAY-VADODARA DIVISION
OPEN 'E' TENDER NOTICE

International MSMEs Day

MSMEs Act as a Bulwark for the Indian Economy

The Central Government certainly realises the huge importance of MSMEs in the economy and its recent slew of measures, if implemented timely and correctly, will prove to be a milestone for the sector in the future

CONSIDERED the backbone of the national economic structure, the Indian MSME sector has unremittingly acted as a bulwark for the Indian economy, providing it resilience to ward off global economic shocks and adversities. Its contribution to the national economy can be gauged from the fact that the closure of MSMEs often results in mass unemployment, leading to acceleration of GDP decline. Through this sector, the industrialisation process reaches our rural areas, not only generating employment but also ensuring development of the region.

THE GROWTH ENGINE OF ECONOMY

As per industry experts, "The MSMEs contribute significantly in the development of Indian economy through export production, domestic production, low investment requirements, operational flexibility, technology-oriented enterprises, etc. The sector's stability is critical in meeting the national objectives of employment generation as well as in discouraging rural-urban migration, leading to an overall socio-economic metamorphosis of the country."

As per a report by IBEF, "India has approximately 6.3 crore MSMEs. The number of registered MSMEs grew 18.5% y-o-y to reach 25.13 lakh (2.5 million) units in 2020 from 21.21 lakh (2.1 million) units in 2019."

Another report by CII states, "MSMEs contribute around 6.11% of the manufacturing GDP and 24.63% of the GDP from service activities as well as 33.4% of India's manufacturing output. They have been able to provide employment to around 120 million persons and contribute around

45% of the overall exports from India. The sector has consistently maintained a growth rate of over 10%."

Additionally, the same report mentions that "About 20% of the MSMEs are based out of rural areas, which indicates the deployment of significant rural workforce in the MSME sector and is an exhibit to the importance of these enterprises in promoting sustainable and inclusive development as well as generating large scale employment, especially in the rural areas."

Hence, the MSME sector has a huge scope to act as a catalyst for economic growth across the geographical, social, and cultural sections in the country.

EFFECTS OF THE PANDEMIC ON THE SECTOR

Last year, the pandemic stressed the MSME sector further, with the absence of buffers like exist with bigger firms and access to cheap capital making the survival of MSMEs a growing concern for the government.

In the early days of the lockdown last year, the RBI stepped in to ease the MSME sector's financial woes by announcing several measures such as a moratorium on term loans, and easier working capital financing. To further ease financial distress, "some public sector banks also opened up emergency credit lines for businesses."

THE MEGA ECONOMIC RELIEF PACKAGE

Realising the mounting financial troubles of the sector and the drastic impact of the nationwide lockdown on the national economy, the Government of India had last year unveiled its ₹20-lakh-crore economic relief package, the first tranche of which in-

cluded "₹3 lakh crore collateral free 4-year tenure loan for MSMEs with moratorium on payment for first 12 months. A loan provision of ₹20,000 crore for stressed MSMEs was also made and a ₹30,000 crore special liquidity scheme for investment in debt papers of NBFCs was announced, among other schemes."

The government had also proposed setting up of a Fund of Funds (FOF) to infuse equity into MSMEs, wherein the government will provide ₹10,000 crore as initial corpus of the Fund. "The Fund of Funds shall be operated through a mother and a few daughter funds. It is expected that with leverage of 1:4 at the level of daughter funds, the Fund of Funds will be able to mobilise equity of about ₹50,000 crore," the government statement said. "The aim is to expand the size and capacity of the MSMEs with equity and help them get listed on the stock exchanges."

GOVERNMENT POLICIES

The Government of India has designed various policies for the growth of MSMEs in the country.

- Budget allocation for MSMEs in FY22 more than doubled to ₹15,700 crore (\$2.14 billion) vis-à-vis ₹7,572 crore (\$1.03 billion) in FY21.

- As stated before, the government also announced ₹3 lakh crore (\$40.85 billion) collateral-free automatic loans for businesses.

- In Union Budget 2021, the government announced funds worth ₹10,000 crore (\$1.36 billion) for 'Guarantee Emergency Credit Line' (GECL) facility to eligible MSME borrowers, giving a major boost to the sector.

Canara Bank: In service of MSMEs

CANARA BANK offers warm greetings to all MSMEs on the "International MSME Day". This day is observed globally on 27th June every year since 2017, to raise public awareness on the contribution of MSMEs to sustainable development and the global economy.

Canara Bank has been a frontrunner in providing required support to MSMEs for their development. The Bank offers a bouquet of products tailored and customised to suit the diverse needs of MSME Businesses.

The year 2020-2021 witnessed the outbreak of the COVID-19 pandemic which had a severe impact on the Indian Economy and brought the MSME sector to a

standstill. Canara Bank has been at the forefront of supporting MSMEs in these trying times through various schemes introduced by the Centre, like the Emergency Credit Line Guarantee Scheme (ECLGS), PMSVANidhi scheme for street vendors, financial support to healthcare sector, etc., as part of the COVID 19 relief package. The Bank also has a robust presence on all the three platforms under TReDS and has been addressing the liquidity issues of MSMEs through bill discounting on these platforms.

The Bank also offers several area-specific and a range of schemes/products to cater to the specific requirements of a cross-section of MSMEs, serviced through a dedicated network of branches and processing hubs.

The Bank has been reorienting its business strategies to suit the needs of MSMEs with the changing times. The digital initiatives of the Bank have also been aligned towards the needs and aspirations of the present generation entrepreneurs. The Bank while saluting the MSMEs for their contribution to nation building, re-dedicates itself to serving them in the best way possible.
